# AUSTRALASIAN DERMATOPATHOLOGY SOCIETY 30<sup>TH</sup> ANNUAL CONFERENCE

21<sup>ST</sup> - 23<sup>RD</sup> AUGUST 2009 ~ HERITAGE AUCKLAND

## INVITATION

It is with great pleasure that we welcome you to the 30th Annual Conference of the Australasian Dermatopathology Society held at the Heritage Hotel Auckland from the 21st to the 23rd of August 2009.

An interesting and varied program has been organised to include a range of topics including both neoplastic and inflammatory dermatopathology that will be of interest to dermatologists, dermatopathologists and pathologists with a special interest in skin pathology. Topics to be covered include melanocytic lesions, soft tissue tumours, the pathobiology of Actinic Keratoses and Squamous Cell Carcinoma, as well as cutaneous infections and new techniques in Dermatopathology. As usual there will be presentations of clinicopathological gems and registrar presentations for the Brennan Prize.

We are very privileged to have two distinguished International speakers in 2009: Professor Clay Cockerell, Clinical Professor of Dermatology and Pathology and Director of Dermatopathology at the University of Texas Southwestern Medical Centre and Dr Jaime Eduardo Calonje, director of Dermatopathology at St John's Institute of Dermatology, London. These highly regarded dermatopathologists will bring their different perspectives to bear on some very interesting topics and issues in dermatopathology and we have been very fortunate in having them travel half way around the world to address the conference.

In addition there will be a tribute session for the late Professor Bernard Ackerman and delegates will be invited to contribute to this.

A three course conference dinner will be held on the Saturday evening at the Heritage in the Grand Tearoom which is a very convenient location for those staying at the Hotel and has a reputation for fine dining.

The Heritage Hotel is situated near the Viaduct Harbour of Auckland city and is close to all the central city conveniences whilst offering excellent views over the Hauraki gulf.
